

## SATELLITE ACCELERATOR

Driving long distances, tight curves or difficult manoeuvres?

The AC2002 Satellite Accelerator makes agile, smooth, reactive, and safe driving easy.

The Satellite Accelerator gives you the opportunity to keep both hands on the steering wheel, giving intuitive control over the operation of your car's speed in all driving conditions, making driving the ultimate pleasure.

Use in combination with the FS2001 Brake Lever.

Made in Italy since 1999.

Reliable, ergonomic and unsurpassed!
